

Commission launches consultation to seek views on Digital Services Act package

The Commission has launched this week a public consultation on the Digital Services Act, a landmark package announced by President von der Leyen in her political guidelines and in the Commission's Communication "Shaping Europe's Digital Future" of 19 February. The consultation seeks to gather views, evidence and data from people, businesses, online platforms, academics, civil society and all interested parties to help us shaping the future rulebook for digital services.

[Consultation results | 15 Dezember 2020](#)

The public consultation ran from 2 June to 8 September 2020 and aimed at informing the Commission's proposals for a Digital Services Act and a Digital Markets Act, expected to be adopted by the Commission before the end of 2020. It covered issues such as online safety, freedom of expression, fairness, and a level-playing field in the digital economy.

Consultation on the Digital Services Act package

Consultation | 02 Juni 2020

In the context of the Digital Services Act package, the Commission initiated an open public consultation as part of its evidence-gathering exercise, in order to identify issues that may require intervention at the EU level. This consultation covered a series of topics related to the environment of digital services and online platforms.
