
This webinar, on February 9th, aimed at introducing the DTA and presenting the functionalities of the new European Digital Innovation Hubs (EDIH) Network Website and other services available from the DTA to the EDIH Coordinators.

The Webinar announced the official launch of the network of European Digital Innovation Hubs website (https://ec.europa.eu/edih/).

The portal is managed by the Digital Transformation Accelerator. The webinar’s focus was to make everybody aware of the functionalities of the portal and of the other services available from the DTA. It included a demo of the functionalities, including the new catalogue and “My EDIH” space, a brief introduction to the Digital Maturity Assessment tool, and a question & answer session.
