-

Closing: 10 August 2021

Media (re)presentation and visibility of vulnerable groups like migrants and refugees remains very marginal in the mainstream media across Europe. This call aims to improve the visibility of these vulnerable groups in the media by supporting them to use their skills and knowledge to contribute themselves to shape their portrayal in the media. It aims to give a voice to these groups and support them in their media coverage, helping to offer new positive narratives on migration.
