

The list of eligible entities for WiFi4EU's fourth call

The list of eligible entities for the fourth call of the WiFi4EU initiative is now available.

Below you can find the municipalities (or equivalent local administrations) agreed with each participating country as the list of eligible entities to apply for the WiFi4EU initiative. If 'associations formed by municipalities' were identified by the country, those can register on behalf of their member municipalities but will be required to separately submit the final application online for each municipality included in their registration.
