

GovTech Platform call for tenders

- Opening: 16 May 2022

-

Closing: 29 June 2022

This pilot project aims to support public administrations in the adoption of cost-effective and flexible digital solutions through the introduction of the GovTech ecosystem to the European public sector.

By following and scaling up the GovTech platform model, already used in different forms by GovTech Labs around Europe, public administrations across Europe can work together more easily to solve shared challenges and more cost-effectively adapt existing projects to their individual needs. The use of the GovTech model across the EU-27 will offer the benefits of scale to both public administrations and providers of digital services.
