

## **Learn from the results of RITMOCORE's innovative pacemaker procurement**

- 13 September 2022

RITMOCORE, a consortium of Spanish and UK hospitals, procured an innovative solution that created a breakthrough in more efficient service provisioning for patients with bradycardias and implantable pacemakers. This final event aims to bring together Procurers, Knowledge partners, Industry, Innovation Agencies, Policymakers, and sister EU projects to share results and conclusions of the project.
