

Call for tenders: Innovations for Galicia's integrated clinical trials information system

Interested suppliers are invited to send in offers for the pre-commercial procurement for the Galician public health service that will focus on the development of innovative solutions in the field of clinical trials / studies financed within the framework of the Spanish Recovery, Transformation and Resilience Plan. Deadline for submission of offers: 14 September 2022

Aim of the procurement is to develop and test innovative solutions to improve the management of research and its interconnection with healthcare activity, through the INNOVATRIAL project. The procurement responds to the need of the Galician public health service to implement an integrated clinical research information system. The results of the open market consultation with stakeholders that took place in preparation of this procurement is available online.

Background info on the Spanish recovery, transformation and resilience plan, the Spanish plan to boost economy recovery after the pandemic, which is financed by the EU Recovery and Resilience Facility.
