4th European AI Alliance Assembly: Leading Trustworthy AI Globally

16 November 2023 - 17 November 2023
Casa de América, Madrid (Plaza Cibeles, s/n, 28014 Madrid)

The European AI Alliance Assembly is the flagship event bringing together policymakers and stakeholders to contribute to shaping Europe’s Artificial Intelligence policy.

In parallel and while remarkable policy and legislative initiatives emerge at the international scene, the event provides an opportunity to discuss efforts such as the upcoming Council of Europe Convention on AI as well as other crucial bilateral and multilateral partnerships in which the EU is actively involved.

**Organisers**

The event is organised, on the occasion of the Spanish Presidency of the Council of the EU, by the Spanish Ministry of Economic Affairs and Digital Transformation, through its Secretary of State for Digitalisation and Artificial Intelligence, together with the European Commission.

**Participation**

The European AI Alliance Assembly is an open public event that this year, for the first time after its opening edition in 2019 (https://digital-strategy.ec.europa.eu/en/events/first-european-ai-alliance-assembly) provides for both online and in person participation.

Click here to register and join the event online or in person (https://register.event-works.europa.eu/dgcnect/4th_european_ai_alliance_assembly_leading_trustworthy_ai_globally/e/lk/k/)

Registrations for in person participation will remain open until the 7th of November, cob. Due to a limited capacity of seats, on-site attendance will be confirmed on a first come, first served basis, while at the same time ensuring that most stakeholders will have at least one representative present during the event.
More around the event
