Sixth Western Balkans Digital Summit

- 04 October 2023 - 05 October 2023
Sarajevo, Bosnia and Herzegovina

This Summit will be the opportunity to highlight achievements of the past year in relation to the Digital Agenda for the Western Balkans, and notably, the accession of the Western Balkans’ economies to the Digital Europe Programme during the 2nd European Union-Western Balkans Regulatory Dialogue in June 2023.
Speakers will include European Commissioner for Neighbourhood and Enlargement Olivér Várhelyi, Director General of DG Connect Roberto Viola and ministers from the Western Balkans.

In 2018, the European Commission launched the Digital Agenda for the Western Balkans at the Digital Assembly in Sofia, Bulgaria. The aim is to support the transition of the region into a digital economy and bring the benefits of the digital transformation. Speakers will discuss about the challenges and latest developments, such as digital infrastructure, cybersecurity, public sector innovation, digital skills enhancement, interoperability, GovTech, e-Government, gender digital divide, green and smart cities, and creating an environment conducive to the growth of tech startups.
