

AI Pact Events

The [AI Pact](https://digital-strategy.ec.europa.eu/en/policies/ai-pact) (<https://digital-strategy.ec.europa.eu/en/policies/ai-pact>) encourages organisations to prepare for the implementation of the [AI Act](https://digital-strategy.ec.europa.eu/en/policies/regulatory-framework-ai) (<https://digital-strategy.ec.europa.eu/en/policies/regulatory-framework-ai>). The events follow the Pact's two-pillar structure:

- Under **Pillar I**, regular webinars are held to provide participants with a better understanding of the AI Act and its implementation. A **series of thematic monthly webinars**, open to everyone, is foreseen from **January 2025**. - Under **Pillar II**, workshops tailored to specific aspects of the AI Act provide a platform for participants to exchange best practices. These workshops are exclusive to AI Pact signatories.
