

Apply for the 2021 Procura+ Innovation procurement of the year award

Are you a public procurer in Europe who completed an innovation procurement that led to significant improvements of public goods, services, processes or infrastructure? Apply for the award by 30 April 2021. There is also a specific award category for outstanding innovation procurement in ICT. The award is part of the activities of the EU-funded Horizon 2020 project Procure2Innovate that is setting up a European network of national competence centres around Europe.
