Audiovisual and Media Services

These days we can watch our favourite programmes not just on TV, but also online. These shows are subject to the rules of the single market.

The EU's Audiovisual Media Services Directive (AVMSD) governs EU-wide coordination of national legislation on all audiovisual media — traditional TV broadcasts and on-demand services.

The latest review of AVMSD (https://digital-strategy.ec.europa.eu/en/policies/revision-avmsd) was carried out in 2018. To help Member States with the implementation of the new AVMSD the Commission has adopted three sets of guidelines:
