

Broadband - Malta

Il-politika ta' Malta dwar il-broadband hija waħda newtrali f'termini ta' teknoloġija u favur ambjent kummerċjali kompetittiv.

Sommarju dwar l-iżvilupp tal-broadband f'Malta

Malta diġà laħqet l-ewwel għan tal-Aġenda Diġitali (DAE) dwar l-iżvilupp ta' broadband ta' 30 Mbps b'kopertura ta' 100 %. L-għan tad-DAE, li sal-2020 50 % tad-djar ikollhom abbonament għall-broadband b'rata ta' trasferiment ogħla minn 100 Mbps, se jiġi diskuss fl-i Strategija għal Malta Diġitali 2014-2020.

L-istrategija u l-politika nazzjonali dwar il-broadband

Awtoritajiet responsabbli

- Il-qasam tal-iżvilupp tal-broadband jaqa 'taħt ir-responsabbiltà tal-Uffiċċju tal-Prim Ministru.
- L-Aġenzija tat-Teknoloġija tal-Informatika ta' Malta (MITA) tagħti l-impetu prinċipali għall-politika dwar it-tekonoloġiji tal-informazzjoni u tal-komunikazzjoni, programmi u inizjattivi fil-gvern.
- L-awtorità regolatorja nazzjonali għall-kommunikazzjonijiet elettronici u l-ġestjoni tal-ispektrum hija l-Awtorità ta' Malta dwar il-Komunikazzjoni (MCA). Permezz tal-fergħa tas-Socjetà tal-Informazzjoni tagħha, l-MCA qed timplimenta għadd ta' miżuri li jstimulaw id-domanda, bl-għan li jżied l-użu tas-servizzi tal-broadband ultraveloċi. Dan jinkludi l-għoti tas-setgħa lin-nies sabiex jiksbu l-ħila u l-kuxjenza dwar il-possibilitajiet tal-internet (perezempju għal kwalità ta'

ħajja aħjar) permezz ta' informazzjoni personalizzata fuq portali tal-eGov, kummerċ elettroniku, servizzi bankarji onlajn u faċilitajiet għas-saħħa u l-kura soċjali. Barra minn hekk, l-MCA toffri għadd ta' inizjattivi b'enfażi partikolari fuq l-intrapriżi żgħir u ta' daqs medju (SMEs) biex tappoġġja t-tkabbir ekonomiku. Dan jinkludi l-promozzjoni tal-cloud computing bħala innovatur/faċilitatur tan-negozju, konsulenza, taħriġ u parir speċifiku immirati lejn l-użu tat-teknoloġiji diġitali u attivitajiet oħra iffokati biex jappoġġjaw it-tkabbir tan-negozju – speċjalment fost l-SMEs.

Miżuri ewlenin għall-iżvilupp tal-broadband

Malta ppubblikat l-i Strategija għal Malta Diġitali 2014-2020. L-attivitajiet ta' prijorià għal Malta huma l-mobilitazzjoni ulterjuri tal-infrastruttura tal-broadband. L-għan tal-istrategija huwa li sas-sena 2020 tiġi żgurata konnessjoni ta' 30 Mbps b' kopertura ta' 100 % u rata ta' abbonament ta' 50 % għall-konnessjoni ta' 100 Mbps. L-implimentazzjoni ta' din il-politika nazzjonali tinkludi newtralità fit-teknoloġija u ambjent kompetittiv. L-Strategija Diġitali ta' Malta tenfasizza kemm l-aspetti relatati mal-provvista kif ukoll dawk tad-domanda fil-firxa tan-netwerk, il-qsim tal-infrastruttura eżistenti kif ukoll il-promozzjoni tal-IPv6 biex tħejji t-triq għall-Internet tal-Oġġetti (IoT).

L-istrategija Diġitali ta' Malta l-għdida, li tinkludi l-Pjan Nazzjonali għall-Broadband, qiegħda tithejja.

Dettalji dwar l-iżvilupp tal-broadband u t-teknoloġiji f'Malta

Għal informazzjoni aġġornata dwar il-kopertura tal-broadband, l-abbonamenti u l-penetrazzjonijiet, il-kopertura ta' teknoloġiji differenti tal-broadband u l-ispejjeż relatati, ara l-iskeda ta' valutazzjoni u r-rapporti tal-pajjiż tad-Digital Economy & Society Index (DESI).

Assenjazzjoni tal-ispektrum għall-broadband bla fili

Għal dettalji dwar assenjazzjonijiet ta' spettru armonizzat ikkonsulta l-Osservatorju Ewropew 5G.

State of the Union: Commission proposes a Path to the Digital Decade to deliver the EU's digital transformation by 2030

Today, the Commission proposed a Path to the Digital Decade, a concrete plan to achieve the digital transformation of our society and economy by 2030. The proposed Path to the Digital Decade will translate the EU's digital ambitions for 2030 into a concrete delivery mechanism. It will set up a governance framework based on an annual cooperation mechanism with Member States to reach the 2030 Digital Decade targets at Union level in the areas of digital skills, digital infrastructures, digitalisation of businesses and public services. It also aims to identify and implement large-scale

digital projects involving the Commission and the Member States.

WiFi4EU: second online workshop for WiFi Installation Companies

This one-hour online workshop (10:00-11:00 CEST) is dedicated to WiFi Installation Companies involved in the WiFi4EU initiative. Its objective is to answer their questions in order to help overcome hurdles and accelerate network deployment. This workshop is an important opportunity in view of the approaching deadline, which risks the loss of municipalities' € 15,000 WiFi4EU vouchers.
